MyEtherWallet instructions – add ARX token.....	6
Token Information (source, links)	7

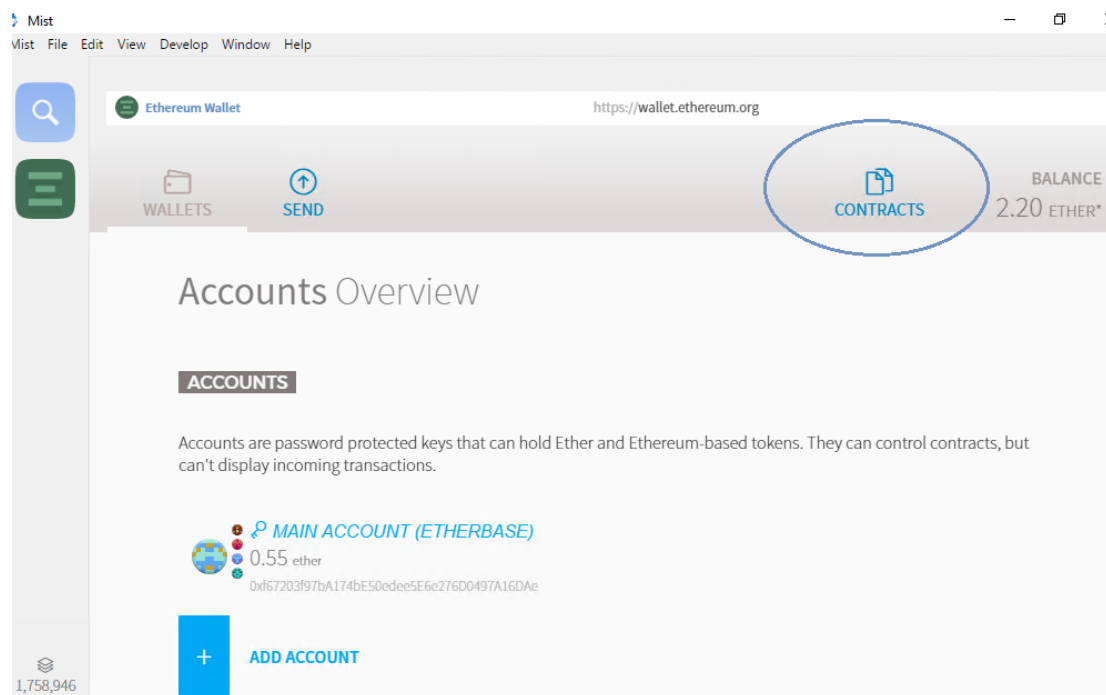

Token Address (must 'Watch Token' to see tokens in most wallets. In *IM.Token* app you can just search for 'ARX' and locate the token in the list using our company Infinity-Eye logo):

0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5

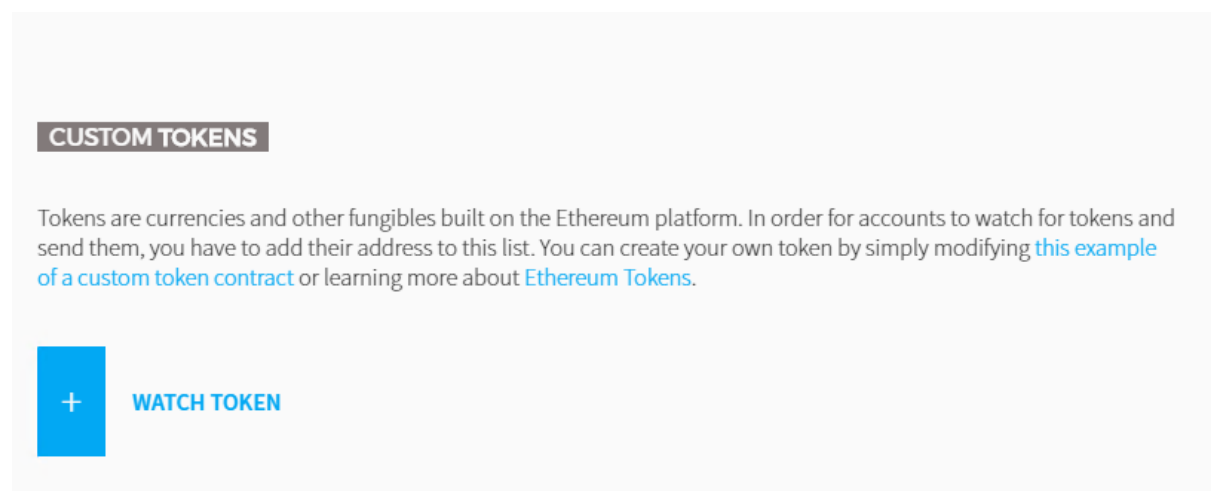

Mist instructions – add ARX token

NOTE: Mist can take a very long time to synchronise. If you have issues, use Parity or IM.Token.

1. Open Mist
2. Click the 'Contract' icon towards the top right

3. Scroll down the page until you see 'Custom Tokens' and click 'Watch Token'

4. Click +Watch Token
5. Enter the address of the ARX token, and the rest will auto-populate, as per below:

0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5

Add token

TOKEN CONTRACT ADDRESS

0xb0D926c1BC3d7806...

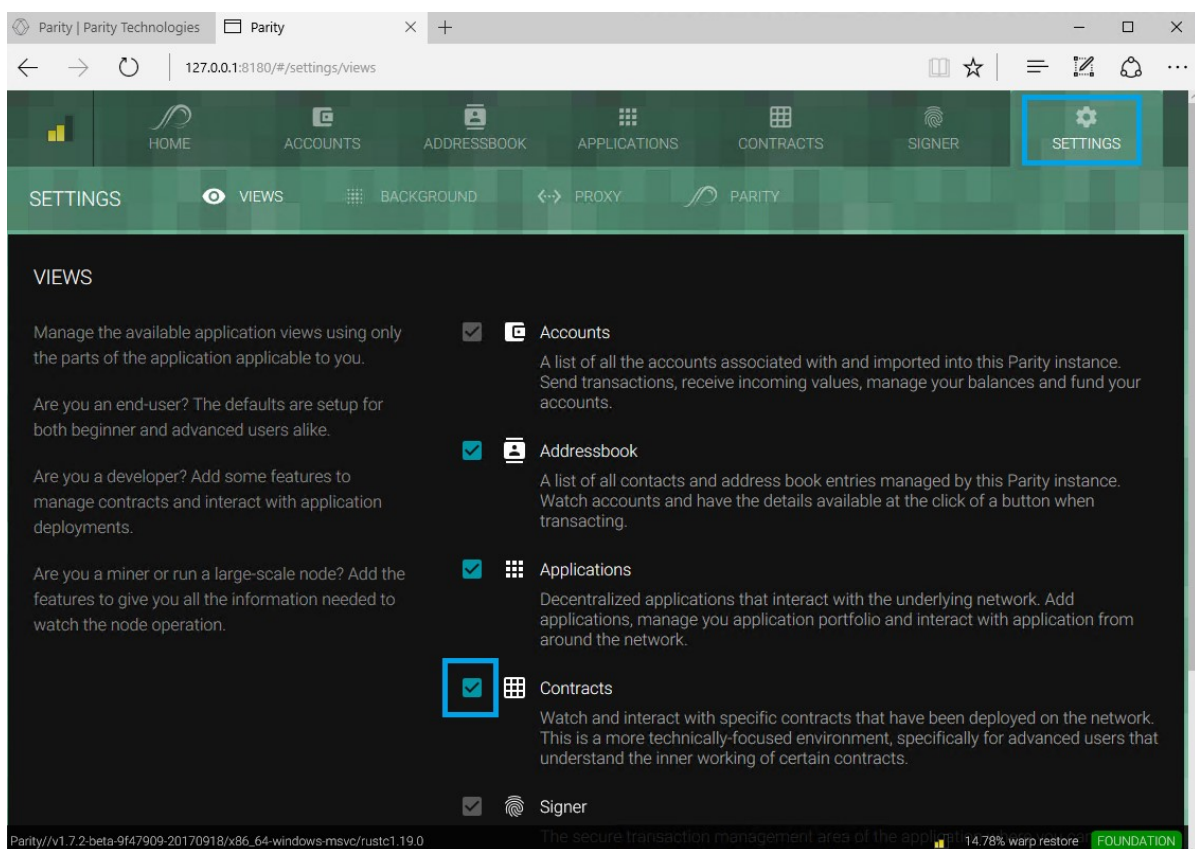

6. Click OK – that's it! From here on your Mist installation will automatically recognise ARX tokens.

Parity instructions – add ARX token

1. Open Parity client on desktop, and ensure you have reached 100% warp restore before you actually transfer any tokens:

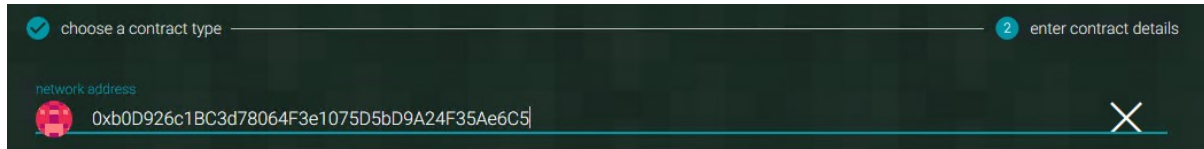

2. Open the 'Settings' icon on the top right-hand of the client
3. Check the tick-box for 'Contracts' to enable showing of contracts:

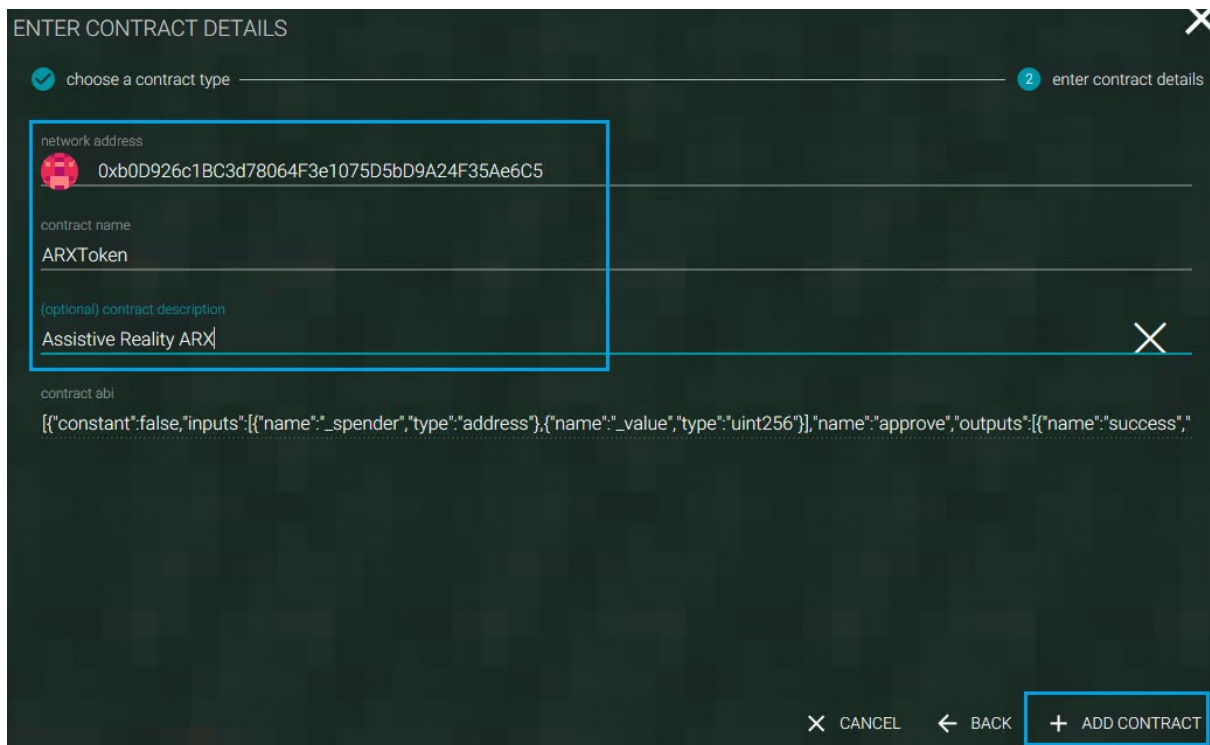

4. Then, click the new 'Contracts' button up the top of the client, and select to '+Watch' a contract

5. Select 'Token' (ERC20) and continue by pressing Next
6. Enter the information (network address for this contract = **0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5**)
7. After you enter the token address above, you'll immediately notice Parity has the icon already:

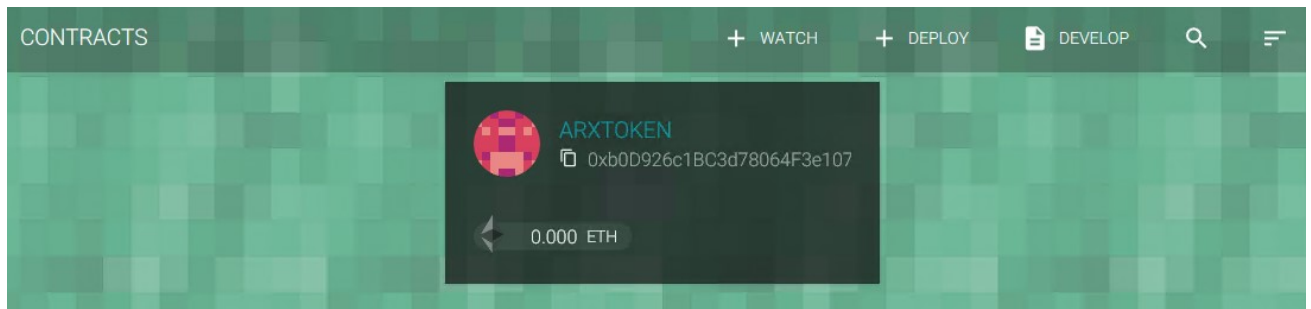

The screenshot shows a dark-themed interface with a progress bar at the top. The first step, 'choose a contract type', is completed. The second step, 'enter contract details', is active. Below the progress bar, the 'network address' field is highlighted with a red border and contains the text '0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5'. A red Parity icon is visible to the left of the text. A close button (X) is in the top right corner.

8. Enter the contract name **ARXToken**
9. Enter the description **Assistive Reality ARX**
10. Click +Add Contract towards the bottom of the screen:

The screenshot shows the 'ENTER CONTRACT DETAILS' screen. The progress bar at the top indicates the second step is active. The 'network address' field contains '0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5'. The 'contract name' field contains 'ARXToken'. The '(optional) contract description' field contains 'Assistive Reality ARX'. The 'contract abi' field contains a JSON string. At the bottom right, the '+ ADD CONTRACT' button is highlighted with a red border. A close button (X) is in the top right corner.

11. You can then see your **ARX** token balance anytime under the 'Contracts' tabular menu.

IM.Token instructions – add ARX token

1. Open IM.Token on your device
2. Select the '+' symbol inside the hexagon icon
3. Click the magnifying glass search icon towards the top-right
4. Enter ARX and click search
5. Locate and select the entry like below:

6. You will now be able to monitor your ARX token balances and manage them directly in IM.Token.

MyEtherWallet instructions – add ARX token

1. Open MEW on your device
2. In a new tab, navigate to the "Send Ether & Tokens" page on MyEtherWallet.
3. Unlock your wallet.
4. Click "Add Custom Token" on the right side.
5. Enter the address 0xb0D926c1BC3d78064F3e1075D5bD9A24F35Ae6C5
6. Type in what you want to call it - Assistive Reality ARX
7. The symbol is ARX if it asks.
8. The 'decimals' is 18 (same as Ether)
9. Click ok/accept that.

(Then, when you send your ETH to the presale contract address:

0x4Ee1d7720a04072142B2efC9d2C7d5d77Ad63939

MEW will understand the token)
